

# Avengers Cake

Again, this was not my original idea... please look here <http://www.cakecentral.com/gallery/i/3350782/avenger-cake>. I also used [this tutorial](#) from one of my favorite sites to help construct the Hulk fist from rice krispies treats. Ann Reardon makes cake decorating so simple.

I made Thor's hammer from RKT as well instead of candy bars as in Ann's tutorial.
