

# Kransekake

A beautiful Christmas centerpiece and bonus dessert. I wish I had remembered to post this at Christmastime as it was such a big hit both on our Christmas dinner table and at the neighborhood holiday pot luck . It was actually such a hit that several people asked for the recipe afterward. It really is not difficult to make and an easy family activity – both my kids and our neighbors' loved decorating it. I first saw it on the Great British Bake Off and immediately purchased the molds to make my own. So, you have plenty of time to purchase your own molds to make Kransekake this Christmas!
